

# Compliance Automation

“SecureSuite” provides organizations access to multiple cybersecurity resources including CIS-CAT Pro configuration assessment tool, remediation content, full-format CIS Benchmarks™.

## Client Benefit:

- CIS-CAT Pro Assessor scans against a target system’s configuration settings and reports the system’s compliance to the corresponding CIS Benchmark
- CIS-CAT Pro Dashboard contains assessment reports and shows system(s) compliance to the CIS Benchmarks over a period of time
- Easily tailor benchmark recommendations to fit organizational or compliance policies
